

THE GLOBAL SPIRAL

A Living Artwork of Connection, Memory & Belonging

THE OPPORTUNITY FOR YOUR LIFETIME

Create your living legacy

Step into a lineage of stewards, visionaries, and healers who walk in rhythm with the Earth and stars. The spirals we create are portals. Sanctuaries. A living memory anchored in your land.

With this investment, you welcome a transformative bespoke Spiral, designed and installed in deep harmony with your site, your vision, and the cosmic forces that wish to move through you.

This is your opportunity to create a place of belonging, beauty, and blessing for yourself, your community, and the generations yet to come.

Why Invest in a Global Golden Spiral?

Creating a **Global Golden Spiral** on your land is not simply a commission.

It is a **portal you are opening, for yourself, your community, and for the Earth.**

It is a living artwork. A planetary act of remembrance.

It is a sacred agreement to become a guardian of memory, rhythm, and belonging.

The spiral you steward will:

- **Anchor a field of coherence and harmony**, attuned to the unique energies of your land and its history.
- **Call in cosmic and elemental forces**, creating a place where people can remember who they are and feel their place in the web of life.
- **Transform your land into a sanctuary of presence**, visited by pilgrims, seekers, and community members who come to walk the path and receive its blessings.
- **Weave your site into a global constellation of sacred spaces**, amplifying its light and intention beyond what any one of us can hold alone.

This is a once-in-a-lifetime act of devotion, to yourself, your land, your ancestors, and generations yet to come.

The Value of Your Spiral

The investment for a Global Golden Spiral is **£96,300**, which includes:

Personal consultation and visioning sessions to clarify the unique soul and purpose of your Spiral.

On-site energy reading and ceremonial alignment with the land and its histories.

Bespoke design and material sourcing, attuned to the natural and cultural context of your site.

Creation and installation of the Spiral, led by our team of sculptors, geomancers, and ceremonialists.

Opening Ceremony and energetic anchoring, to invite the community and bless the site into its new role.

Integration into the Global Golden Spiral network, with ongoing ceremonial invitations, global amplification of your story, and support in keeping your Spiral alive as a beacon of connection.

The Transformation You Can Expect

By becoming a Spiral guardian, you are stepping into a lineage of land keepers and visionaries who tend the unseen.

The presence of the Spiral on your land will:

- Awaken new levels of vitality, harmony, and abundance on the site.
- Attract aligned visitors, seekers, and community engagement.
- Deepen your own spiritual relationship to place and to the greater cosmos.
- Contribute to the collective healing and memory of humanity, through your own land.

What is the Global Golden Spiral?

- A network of permanent spiral sculptures created in stone, earth, or organic materials.
- Designed to be walked, felt, and experienced by individuals and communities.
- Each Spiral becomes a portal of transformation, grounded in the land it inhabits.

Why the Spiral?

The spiral is a universal symbol of life, growth, and consciousness. Walking the spiral brings us back into embodied presence, sacred rhythm, and deep listening with ourselves and the land.

What Other Stewards Are Saying...

“Since the Spiral was installed, the energy of our land has changed. It feels alive and so do we.”

Guardian, Somerset

“This Spiral has become the heart of our community. We gather there in all seasons, and it never fails to remind us who we are.”

Steward, Scotland

“I see the Spiral as the most meaningful investment we’ve made, for our land, our family, and the Earth.”

Steward, Cotswolds
